**VI. Weekly Report:**

**Week Ahead Announcements and Actions**

**On August 27 – September 4**, the Burning Man event will take place at the Black Rock Desert in northern NV. The event, which is expected to draw up to 70,000 people, is the largest Special Recreation Permit managed by BLM.

**On August 28**, the 30-day public comment period for the Egan and Johnson Basin Restoration Project Preliminary EA closes. The goal of the project is to reduce the risk of catastrophic wildfire and improve Greater sage-grouse habitat through manual and mechanical piñon-juniper tree-thinning, invasive plant treatments, and prescribed fire use. As proposed, the project would treat up to 24,375 acres in 21 treatment units. The BLM would also manually thin piñon-juniper in specified areas outside the treatment units, but within the total 84,675-acre project area.

**On August 28 - September 1**, BLM-UT's Monticello Field Office intends to issue a decision approving a modification to the plan of operations for the Daneros Uranium Mine in San Juan County. The proposed modification could increase ore production from 100,000 tons over seven years, to 500,000 tons over 20 years, and could generate up to 40 jobs. The mine is located just outside the current boundary of the Bears Ears National Monument and may be controversial with several conservation groups based on location and groundwater concerns near the processing facility, White Mesa Mill.

**On August 28**, BLM-WY High Plains District Office will meet with the Northern Arapaho council to consult about the Converse County Environmental Impact Statement, Crossbow Environmental Impact Statement and the Newcastle Field Office Resource Management Plan. This consultation is part of an ongoing, proactive dialogue between the BLM and the tribes represented in the High Plains District. The district manager, Stephanie Connolly, and the field managers for each of the districts field offices, Tim Wilson (Casper); Richard Miller (Newcastle) and Lonny Bagley (Buffalo) will be representing the BLM. Supporting staff from the field and district office will also be in attendance. The meeting will be public, but media is not expected to attend. This consultation is not expected to be controversial.

**On August 29**, representatives of the BLM, United States Forest Service, and other land management agencies will brief Sen. Crapo (R-ID) in his Coeur d'Alene office at his request on public land management issues, including forestry, fuels, fire and recreation.

**On August 29 - 30**, BLM-CO Gunnison Field Office will host a tribal consultation meeting for the Rocky Mountain District. The meeting will include members from the Northern Ute, Southern Ute, and Ute Mountain Ute tribes. The meeting will also include a field trip to the Los Pinos Ute Indian Agency, which is a site of significance to the Ute Tribes. The three field offices in the Rocky Mountain District (Gunnison, Royal Gorge and San Luis Valley) will use the meeting to discuss projects within their offices that are of importance to the Tribes.

**On August 30**, BLM-MT North Dakota Field Office staff will attend a Natural Resource Committee Meeting with the Mandan, Hidatsa and Arikara Nation in Newtown, ND. The event is a regularly scheduled meeting that is held in the Tribal Business Council Chambers. The purpose of the gathering is to bring together tribal groups, BLM, Bureau of Indian Affairs and representatives of the oil and gas industry to discuss common goals and the protection of natural resources. An agenda is not available. The North Dakota Field Office routinely coordinates with the Tribe to promote responsible energy development on the Fort Berthold Indian Reservation.

**On August 31**, BLM-UT will post a Notice of Competitive Lease Sale, environmental assessment, and unsigned Finding of No Significant Impact, for parcels to be offered in the December 2017 Quarterly Lease Sale. Seventy-five parcels totaling 94,040 acres in the Vernal and Price Field Offices will be proposed for sale. Several parcels have been controversial due to their proximity to Dinosaur National

Monument; two have been deferred due to their proximity to Dinosaur National Monument. Documents will be posted to the [BLM Oil and Gas Leasing Page](#) and ePlanning.

### **30 - 60 Day Look-Ahead**

**On September 5-7**, BLM-NV Southern Nevada District will tentatively hold public meetings to gather input and suggestions for the draft Red Rock Canyon NCA Business Plan.

**On September 7**, BLM-AZ's Safford Field Office anticipates announcing the acquisition of the 600-acre ET Ranch in southeastern Arizona through a shared conservation partnership with the Trust for Public Land and Arizona Game and Fish Department. The acquisition will open access for hunters, hikers, and backpackers to the BLM-managed North Santa Teresa Wilderness Area northwest of Safford and the Santa Teresa Wilderness Area in the Coronado National Forest for the first time. The project is supported by 20 Arizona hunting and sporting groups. The ranch will be leased for public land grazing, ensuring the land remains in agricultural use, an important consideration for the local economy.

**On September 7**, BLM-CA Natural Resources Specialist Mike Powers and Santa Cruz County Supervisor Ryan Coonerty will host a public guided tour of Cotoñi-Coast Dairies, a unit of the California Coastal National Monument. The tour will provide an opportunity for the public to learn about its unique coastal landscape, which was donated to the BLM in 2014, by the Trust for Public Land.

**On September 7**, BLM-CA Bakersfield Field Manager Gabe Garcia and Monument Manager Johna Hurl will meet with the US Fish and Wildlife Service, California Department of Fish and Wildlife, and Carrizo Partners to discuss a request from CRC Oil Company to consider an exchange of mineral rights located underneath the Carrizo Plain National Monument in exchange for mitigation credits on potential future oil and gas projects in California's Central Valley.

**On September 7**, BLM-CA State Director Jerry Perez will have an informal meet and greet with Director Michaela Noble, Office of Environmental Policy and Compliance (OEPC) in Sacramento. OEPC's vision is to ensure environmental stewardship and sustainability through compliance with the National Environmental Policy Act, executive orders, regulations, and reporting requirements; manage the department's funding program for long-term cleanups of hazardous materials; and to oversee the department's activities to protect and recover natural and cultural resources and historic properties during emergency response actions. The meeting, requested by OEPC, does not have a formal agenda.

**On September 7**, BLM-CO will hold an online oil and gas lease sale for 10 parcels totaling 1,227 acres in Cheyenne, Baca, Kiowa, Yuma, Morgan, and Weld Counties, CO. The sale is not expected to be controversial. Bidding is not expected to be robust.

**On September 7**, BLM-NM will hold an online oil and gas lease sale for 62 parcels totaling 15,731 acres in Eddy, Chaves, Quay, Curry, Roosevelt, and Lea Counties, NM. The sale is not expected to be controversial. Bidding is not expected to be robust.

**On September 7**, BLM-CO will hold an online oil and gas lease sale for 10 parcels totaling 1,227 acres in Cheyenne, Baca, Kiowa, Yuma, Morgan, and Weld Counties, CO. The sale is not expected to be controversial. Bidding is not expected to be robust.

**On September 7 - 8,** BLM-MT Acting State Director Jon Raby, Deputy State Director Don Judice, District Manager Diane Friez, and Field Manager Loren Wickstrom will join representatives from the Office of Management and Budget and DOI on a tour of the Bakken Region in North Dakota. They will also participate in an all-employee meeting, tour a drill rig location, a production facility and meet with Tribal representatives on the Fort Berthold Indian Reservation. Participants include Kathy Benedetto, advisor to the secretary, Ann DeBlasi, acting BLM assistant director for business and fiscal resources Tim Spisak, acting BLM assistant director for energy, minerals and realty management and Mike Hagan & Ben Burne, OMB examiners.

**On September 11,** the BLM will unveil its new Travel and Tourism plan, which is currently under agency review, at the annual American Indian and Alaska Native Tourism Association's meeting in Green Bay, WI.

**On September 12,** BLM-NV will hold an online oil and gas lease sale for three parcels totaling 3,680 acres in Nye County, NV. The sale is not expected to be controversial. Bidding is not expected to be robust.

**On September 12,** BLM-UT will hold an online oil and gas lease sale for 15 parcels totaling 4,438 acres in Juab County, UT. The sale is not expected to be controversial. Bidding is not expected to be robust.

**On September 13,** BLM-AK will facilitate its monthly planning meeting with the Native Village of Nuiqsit and cooperating agencies for the Greater Moose's Tooth 2 (GMT2) project. The agenda includes a GMT2 project status update and preliminary discussions about preferred access road alternatives for the Draft SEIS (scheduled for release in Nov. 2017). Cooperating agency attendees include BOEM, the US Army Corps of Engineers (USACE), State of Alaska, Environmental Protection Agency, US Fish and Wildlife Service, and the North Slope Borough.

**On September 18,** the public comment period closes for a proposal to expand an existing gravel pit managed by BLM-CO Tres Rios Field Office. The existing Montoya pit owned and operated by C&J Gravel Products, produces a variety of products for public roads and commercial construction as well as home landscaping and driveways. Mineral materials in the existing Montoya Pit are expected to be depleted in 2018. This expansion also requires the re-routing of portions of the BLM's Sale Barn, South Rim and Cowboy trails. C&J is working with a local non-profit trail organization to design the re-routed trails along a portion of the northern and eastern boundaries of the existing gravel pit ready for reclamation.

**On September 21 - 23,** BLM leadership will attend the Public Lands Council (PLC) Annual Meeting in Flagstaff, AZ. This is one of four regular coordination events with BLM grazing permittees. BLM will provide an agency update during the general meeting, and has proposed a signing ceremony for the Monitoring Memorandum of Understanding with PLC during this session. In addition, BLM managers will present Stewardship Awards for 2017.

**On September 30,** National Public Lands Day, the BLM will showcase over 120 projects and is on track to mobilize approximately 10,000 volunteers in support of those projects. The BLM is developing a website that will enable prospective volunteers to locate BLM projects in their areas.

**During late September** (tentative) the BLM-UT Canyon Country District and the Manti-La Sal National Forest intend to approve a mine plan modification for the La Sal Uranium Mine Complex. This will consolidate plans of operation for several mines, authorize expansion of operations, and phased expansion of exploration. The decision will include additional safety, environmental protection, and reclamation measures and monitoring requirements. The project is expected to generate 80-130 jobs. The USFS issued a proposed decision in 2015 and received objections from Uranium Watch and others, it is likely to be controversial. (The decision has been pushed back from the week of September 4, 2017 due to a request from USFS for more time.)

**On October 3 - 5,** BLM-WO will conduct a Route Assessment Review for the nomination of the Caliente Ranch Road, which is managed by the BLM-CA Bakersfield Field Office, to determine whether it should be included in the Federal Lands Transportation Program in order to undertake upgrades.

On October 21, BLM-CA, California State Parks, and Welfare and Recreation, will co-host the Honor the Fallen Run at the Fort Ord Dunes State Park in Monterey Bay. The BLM-CA will be promoting the event as part of its Public Lands Day/Make a Difference Day events, and along with California State Parks will be commemorating the 100-year anniversary of what has become Fort Ord (the Army acquired lands around current day East Garrison 100 years ago). This will be the 16th annual Public Lands Day celebration at Fort Ord National Monument.

**On October 23 - 27,** BLM will attend the Project Archaeology Leadership Team Meeting in Montana. Ranel Capron, BLM Federal Preservation Officer, serves as BLM's representative on the national Project Archaeology Leadership Team. She will participate in such discussions as transitions and sustainability, Section 508 compliance and collaboration across state lines as well as review the informal educator's guide proposed for use in BLM field offices.

**On October 24,** the BLM-NV State Office will host a competitive sale of geothermal leases for 18 parcels located in the Carson City, Ely, and Battle Mountain Districts. This will be the first online geothermal lease sale for NV. BLM-NV is currently evaluating the parcels and will post the final list, including acres and locations, in mid-September. This lease sale is not expected to be controversial. At this time, the BLM cannot predict the level of bidding interest.

**On October 24,** the BLM-NV State Office will host a competitive sale of geothermal leases for 18 parcels located in the Carson City, Ely, and Battle Mountain Districts. This will be the first online geothermal lease sale for NV.
